

SUGAR CREEK ASSOCIATION
PROPERTY CHANGE INSTRUCTIONS

XV Structural Changes, Exterior Changes and Additions. (see Master Deed)

- C. In the event a residence owner desires to make a structural change in his residence, he may do so only at his own expense and only after prior approval of at least 66 2/3% of members of the Board of Directors and the consent of all abutting residence owners, which consent of such residence owners shall not be unreasonably withheld.*

The Board feels that of its most essential functions is to control these changes for the Association. In this way, we protect the property value for all of us by preventing changes that will not enhance the beauty or value of the property, and may even end up as an added cost for the Association to maintain. The delays in getting your legitimate changes approved will be worth the protection afforded by this same procedure.

The Board considers all of the following items to be subject to the above rules; however, this list is not all encompassing: Windows, doors, including storm doors; lighting; patio covers and/or cement, cinder block, walls, terraces, planters, walks; fence or wall painting; fireplaces; awnings of any type, etc., which means any change.

The attached form should be properly completed and submitted to our Managing Agent for investigation. It will then be submitted to the ARC for approval. No change will be approved without this form properly filled in and submitted. Additional forms may be obtained from our Managing Agent's office by calling 864.467.1600.

Please retain this form as part of your documents on the operation of the Sugar Creek Association.
